

Introduction to eCYBERMISSION Webinar: See How STEM Can Work in Your World

Registration for the 2010-2011 eCYBERMISSION competition, a FREE science, technology, engineering and mathematics (STEM) competition for students in grades six through nine, is now open! Educators and students can register on the web site at www.ecybermission.com.

As the competition gets underway, eCYBERMISSION will be hosting several webinars this week for new and potential Team Advisors to introduce them to the program. The webinar is open to all interested participants. In addition to yourself, if you know of an educator or parent who may be interested in eCYBERMISSION, please feel free to send them information so they can also register and participate in one of our upcoming webinars.

If you have any questions or would like more information, please contact Mission Control at 1-866-GO-CYBER (462-9237) or missioncontrol@ecybermission.com.

Interested in getting your Kids into Cyber Defense Competitions?

Cyber Patriot

This year, Northrop Grumman will fund the registration for the first 10 Maryland teams that request reimbursement for this year's CyberPatriot. More info is available at cyberpatriot@ngc.com mailto:cyberpatriot@ngc.com. Also, please note this year's national competition will be at National Harbor, with no registration fee to attend.

In an effort to support STEM-related programs and career exploration, we are pleased to share information regarding a partnership between the Air Force Association (AFA) and Northrop Grumman to expand opportunities for high school students to learn about and compete in */Cyber Patriot/*. Please see the attached flyer describing the partnership and upcoming */Cyber Patriot III/* competition. Currently, there are six (6) schools in Maryland preparing for this competition in April 2011.

For more information about */Cyber Patriot/*, please visit the website at: <http://www.uscyberpatriot.org/about/Pages/default.aspx>.

CyberPatriot Competition

Students will compete in two parallel competitions:

- Open Division
- All Service JROTC/CAP Division

Preliminary rounds are conducted online from the teams' home locations.

- Open Division will compete:
 - November 13
 - December 11
 - January 8
- All Service Division will compete:
 - October 23
 - November 6
 - December 4

The final competition will take place at AFA's CyberFutures Conference at the Gaylord National Hotel and Convention Center, National Harbor, Md. April 1-2, 2011.

For more information on how to participate and Maryland's first summer camp go to www.csis.org/uscc or contact Davina Pruitt-Mentle @ dpruitt@umd.edu
