

Cool Careers for Girls in CyberSecurity 2011

Tell us what you thought!

Speakers

Put a check mark in the column that best represents your thoughts about the presentations you attended. (If you did not attend the presentation cross it out or do not make a checkmark)		It was O.K.	It was a good presentation. I had fun.	It was great but, I would not want to do this for a job.	It was great! It made me think About doing this kind of work!
Classroom 1	Radar (Boeing)				
Classroom 2	Software Engineering (UPS)				
Classroom 3	Linear Programming (JHU APL)				
Classroom 4	Networking (CISCO)

Auditorium	Systems Engineering (Boeing)				
Auditorium	How to be successful in Cyber (Northrop Grumman)				
Auditorium	Logic (NSA)				
Auditorium	Cryptography (JHU APL)				

True or False

	True	False
This was a fun time. I would recommend this to others		
Some speakers said things that made me think about wanting to do the work they do		
I am confident I can be successful in science in school		
I am confident I can be successful in math in school		
I am confident I can be successful in college		
This event made me change my mind about going to college, I want to go!		
I learned something new today.		
Jobs using math are mostly for boys		
Jobs using science are mostly for boys		

Thanks for attending!

Go out and do great things!
