Presentations

Put a check mark in the column that best represents your thoughts about the presentations you attended.

On a 0 to 4 scale, with 0 being boring or not fun and 4 being really cool and fun, rate each of the following:

	0	1	2	3	4
Logic, Systems Engineering					
Computer parts and Malware-Pen testing					
Cryptography- coding					
Steganography/Digital Forensics					

From the careers you heard about today, what do you think students will like about the fields as a possible career choice?

From the careers you heard about today, what do you think students will NOT like about the fields as a possible career choice?

What things can we do to make this event better in the future?
