Careers in Cyber Security Workshop

Stipends @$50.00 are available for guidance counselors who signed up online and indicated their participation interest. Funding is provided through the NSF (National Science Foundation). Stipend recipients will be asked to create a recruitment brochure/flier or PPT based on workshop content that can be shared with students and parents. Stipend awardees must attendee the after conference briefing.

To meet the requirement for stipend funding participants must:

1. Attend the entire workshop session.
2. Attend the stipend briefing to ask questions and brainstorm ideas.
3. Develop a recruitment flier/brochure, PowerPoint, web archive or other materials based on the content delivered today in the workshop sessions that can be shared with students and parents. Please give credit to yourself for the design somewhere on the materials.
4. The materials created must be **emailed** in **electronic form** to dpruitt@umd.edu **by November 14, 2011**
5. Stipend participants agree to allow materials created to be posted on the CyberWatch K12 and ETPRO website for others to utilize.
6. Please check the sign in sheet and verify with your initials your **name, address and contact information (phone number** and **email**), as this is the address where your stipend check will be mailed.
7. You signature on the sign-in sheet constitutes your agreement with these stipend requirements.
